Class War

Ever wondered what life is really like for today's teachers? Reasoning that it's either laugh or cry, this author does both while intoning a mantra of 'July, July, July' and praying for a minor heart attack in return for a foot in the door to early retirement. From fending off inspectors to dealing with the alarming rise in mental health issues and increasing alienation of young people, it's fair to say the job has never been more difficult. Written by an anonymous author working in a state secondary school, this uproariously funny, desperately necessary book takes us inside the classroom to see morale at rock-bottom and a system on its knees. Hilarious, heartbreaking and impassioned, Class War is about the importance of good schools and talented teachers at a time when they have never been more essential. Painting a heartfelt portrait of the profession and an education system where no one should be left behind but too many are, this book reveals there is laughter to be found even as a river of effluent is sluicing down the pipe.

You will get the answers (panacea) from the letters of a mad public school teacher: intrepid, irascible, cantankerous, provocative, passionate, thought-provoking, iconoclastic, and enhanced with vitriolic demagoguery. How Not to Teach

Behind students who are confused, are teachers who fail to reach out. Lita T. Cruz, author of *The Diary of a Teacher*, recognizes the depth and complexity of educators as guardians entrusted with children's education and as tutors equipped with diverse degree of comprehension. Lita believes that it is the educator's responsibility to reach out, not only to brilliant students but also to apply all possible options to save slow learners from imminent failure. In *The Diary of a Teacher*, Lita featured a woman's struggle to life as a wife who mourns and yearns for his missing husband, as a mother who responsibly mentors her teenage children to adolescence, and as a teacher who rallies for intervention among students, teachers, and parents to enhance children's educational process.
